EAST SURREYS v. CLUB DE

RECREIO.

After being two goals down at the

interval, the East Surreys scored four

times in the second half, without any

response by the Club de Recreo and

qualified by four goals to two to meet

Kowloon in the final of the Competition.

During the game, Ogley, the back of

the Club de Recreo was ordered off

the field by the referee after having been

previously cautioned by that official. At

the time of the incident, the score was

two goals all with the East Surreys

having much the better of the game.

The Club de Recreo opened well, and

early in the game, a shot from Gosano

had Douglas beaten but the ball after

striking the crossbar dropped just clear

of the goal line and Douglas cleared.

Xavier and Ogley worried the East

Surreys' attack, the forwards shooting

from long range. Rocha opened the score

for the Recreo after about twenty

minutes' play. Bristow, standing on

the line to throw in, was pulled up, and

A. H. Remedios sent to Gosano from the

free kick, the Recreo sent forward to

Fuertes who lobbed back in the goal-

mouth and Rocha easily beat Douglas

with a well placed shot. Free kicks

against both sides were hereabout frequent.

A header from Cheeseman found

the Recreo goalkeeper in position, while

at the other end Jordan turned to touch

to stop Fuertes. Free kick against

Brown for jumping was cleared and

Douglas in attempting to clear from a

centre by Fuertes fell and Cooper

cleared. Ogley was cautioned for dan-

gerous play and the Surreys awarded a free

kick. Fernandez stopped a shot from

Bristow and Jordan cleared from a free

kick. Butler was high and McGreavy

wide with long range shots. Butler had

an open goal but failed, the ball rolling

over the line near the post. The game

was very fast and of the cup tie order,

accurate shooting being sacrificed to pot

chance shots. The Recreo went further

ahead when Brown beat the defence.

Douglas being in two minds attempted to

come out and then tried to get back, but

before he could recover Brown had sent

the ball into the net, putting the Club

two up. The Recreo forwards were

showing the better combination and at

the interval were leading by two goals

to nil.

After the change of ends the East

Surreys had most of the game. Although

their first goal was rather a lucky one,

Humberstone deserves credit for taking

the chance he did, for with his back to

the goal he received from Cheeseman

and turning with the ball at his toe sent

it into the net. With this success

the Surreys returned to the attack and

within the next five minutes the ball was

again in the net. Fernandez was stand-

ing a yard out of goal when Butler sent

in a hard drive and the ball striking

the underside of the bar dropped on to

the goalkeeper and rebounded into the

net, making the score two goals all.

It was just afterwards that Ogley received

marching orders. With four forwards

only, Silva having dropped back to par-

tner Xavier, the Recreo attack fell off,

Gosano being carefully watched by

MacGreavy. Humberstone was unlucky

to lose a point running through the de-

The score was unchanged when the final whistle sounded the Surreys winning by four goals to two, and will now meet Kowloon on April 10th in the final.

The game was fast throughout, the Surreys lasting the better over the long distance. The Recreo were unfortunate in losing Ogley early in the second half.

East Surreys.—Douglas, Cooper and Jordan; Kidd, MacGreavy and Bristow; Charlesworth, Cheeseman, Humberstone, Butler and Macklesworth.

Club de Recreo.—Fernandez, Ogley and Xavier; A. H. Remedios, A. A. Remedios and A. Remedios; Fuertes, Silva, Gosano, Rocha and Brown.

Referee: Mr. Atkinson. Linesmen—Messrs. McCubbin and Morfett.

## KOWLOON v. POLICE

On the Garrison ground, Kowloon qualified to meet the East Surreys in the Challenge Shield Competition by their win over the Police by three goals to one. A goal from a penalty and a miss were outstanding in the game. Kowloon were without Wheeler at back and Taylor on the right wing, their places being taken by Guest and Millard respectively. Hudson, contrary to expectations, turned out at centre half for the Police, but towards the close found the pace too much for him.

The game opened with the Police attacking, and after Avery had cleared from Hudson, Kowloon took up the attack and forced a corner. During the scramble that ensued following the flag kick, Brittain, recovering from a stumble, handled in the penalty area and Simms opened the score for Kowloon with a well-placed shot from the spot. From the centre the Police took up the attack and for a time Kowloon were on the defensive. A long shot by Randle found Avery guessing, for the goalkeeper turned the ball against the crossbar and it rebounded just in front of the goal line, Avery eventually clearing. Avery cleared from Oram and a free kick against Spary was sent in wide by Oram. Play was now more even and Clarke was prominent in goal. At the other end several good openings made by Hudson went begging, the Police forwards failing to put on the finishing touches.

Clarke saved at full length from Simms and before he could recover Pasco returned the ball and Spary turned it into the net with Harle standing on the goal line. At the interval Kowloon were leading by two clear goals.

On the restart Kowloon went down and tested Clarke but the goalie was safe. The Police forwards failed to turn to account several good openings made by their middle line. During a raid by the Police, Johnson was fouled by Read inside the penalty area, but Hudson failed to get the ball past Avery. It rebounded off the goalkeeper for a corner, Cornwall sending behind from the flag kick. McEwen had a good opening to reduce the lead but shot wide. Johnson also failed before an open goal. Hayes running round Wynne sent over from the touch line and Simms meeting the ball sent into the net making the score three to nil in favour of Kowloon.

Before the final whistle sounded the Police were awarded a free kick close in and McEwen beat Avery with a well placed shot. The final came with Kowloon leading by three goals to one.

The ground was very dangerous from the playing point of view, accurate football being out of the question. On the run of the game Kowloon deserve their win.

SOUTH CHINA "A" v. EAST  
SURREYS' DRUMS.

By failing to convert from a penalty, the Surreys Drums had to be content with one point only in their game with South China "A" on the Garrison ground at Cockunpo. A win for the Drums would still have left the Reserves equal with South China for the runners-up position in the "A" division of the junior league.

The championship of this division will now be left to the last game when South China "A" meet the Club de Recreo "A." South China requiring one point only to give them that position.

Crockett was outstanding in the Drums goal in this match, but unfortunately was injured in practically the last kick of the game. Hutchins was given the chance to win the game following a penalty given against Lo Wai Man but sent the ball among the crowd of Chinese near the goal post. Just on time Lay Hau almost won the game for South China, sending in a shot with Crockett helpless, but Parker cleared, the game ending in a goalless draw.

SOUTH CHINA "C" v. ST.  
JOSEPH'S RESERVES.

By scoring in the last minute of the game, South China gained a victory over the College Reserves, and now displace the University from the second position in the league table. South China are within a point of the leaders with three games in hand.

## COMPANY MEETING.

A. S. WATSON & CO., LTD.

### UNFAVOURABLE REPORT COM- PARED WITH PREVIOUS YEARS.

The forty-first annual ordinary general meeting of A. S. Watson & Co., Ltd. (since its registration), was held at the Hongkong Hotel, on Saturday, at 11 a.m. for the purpose of receiving the Report of the General Managers, together with a Statement of Accounts for the year ended October 31st, 1925.

Mr. Henry Humphreys was in the chair, and there were also present Messrs. J. Scott Harston and H. P. White (directors), Mr. J. A. Tarrant (secretary) and the following shareholders:—Messrs. J. D. Humphreys, L. S. Greenhill, J. M. Alves, D. E. Clark, H. Ruttenberg, D. Wilson, F. W. Stapleton, W. Morley, G. W. Sewell and J. M. Wong.

### CHAIRMAN'S SPEECH.

The Secretary having read the notice convening the meeting.

The CHAIRMAN said: Gentlemen,—The Report and Statement of Accounts and Auditors' Report having been in your hands for the prescribed period, I will, with your permission, adopt the usual procedure and take them as read.

I regret that I have to come before you with a report that compares unfavourably with those you have been accustomed to receive for several years past. No blame can be attached to the management or heads of departments for this. You are all fully aware of the adverse conditions that have prevailed during part of the period under review, and taking same into consideration, I do not think the accounts can be considered unsatisfactory. In this connection, I would like to quote a paragraph from the speech of the Chairman, Mr. Brooke Smith, at the last annual meeting of shareholders of the Ewo Cotton Mills.

"The folly of boycotting such a concern as ours should be, but apparently is not, patent to the meanest intelligence. The bulk of the shareholders are Chinese, we employ thousands of Chinese workers to whom we pay \$1,600,000 annually in wages. The four months stoppage cost these workers alone over \$500,000."

His remarks apply, in a greater or lesser degree, to ourselves and other industrial and public utility companies in Hongkong and Shanghai.

Turning to the accounts, you will notice under the heading of Land at Honam, Canton, that \$101,115.37 has been expended during the year, entirely on the new factory building and wharf there. Work ceased on June 20th last, on account of the strike, and has not been resumed. The increase in the item Steam Launch, Motor Trucks, etc., is due mainly to the addition of four new motor trucks for the more convenient and expeditious handling of our local aerated water trade. As usual, liberal amounts have been written off for depreciation of plant and machinery, launches, etc., although these items have all been maintained in the highest state of efficiency and repair. In view of the prevailing conditions, every economy consistent with efficiency has been observed. Sundry debtors show a very large increase. This is because our auditors wished us to include what we have hitherto shown under the heading of "Good Debts" due from Customers under this item. The auditors also wished us to separate overdraft at the Hongkong & Shanghai Bank from local and general liabilities. This we have done which accounts in large measure for the large decrease in local and general liabilities.

It is proposed to allocate from Profits the sum of \$20,000 for "Contingency Account." This is to provide against possible unforeseen losses at Canton. The Manager of the Company's Canton Branch is of opinion that the probable losses will not amount to nearly so much. However, the General Managers and Directors consider it advisable to provide for such a contingency.

We regret that on this occasion we are unable to recommend any allocation from Profits for the benefit of the Staff Provident Fund or the Chinese Staff Superannuation Fund.

I have no further remarks to make. Gentlemen, and now propose that the report and statement of accounts as presented be passed. When the motion is duly seconded, I shall be pleased to answer any questions shareholders may have to ask.

Mr. L. S. GREENHILL seconded the motion, and there being no questions, the report and statement of accounts as presented were passed.

### OTHER BUSINESS.

On the proposition of the CHAIRMAN, seconded by Mr. H. RUTTENBERG, the Hon. Sir C. P. Chater, C.M.G., LL.D., Mr. J. Scott Harston and Mr. H. P. White were re-elected to the Board of Directors.

On the proposition of Mr. W. MORLEY, seconded by Mr. F. W. STAPLETON, Mr. C. Bernard Brown, A.C.A., and Mr. L. Greenwood, A.C.A., were re-elected as auditors at a remuneration of \$700 each per annum.

## HONGKONG AMUSEMENTS.

### THE CURRENT PICTURE PROGRAMMES.

The Hongkong Amusements have provided very attractive programmes at the Queen's Theatre, and Star Theatre, Kowloon for this week.

At the Queen's Theatre to-day they are presenting a very interesting and entertaining programme which was given yesterday. The principal feature of the bill is "The Little Giant" starring Glenn Hunter, supported by Edna Murphy, David Higgins and other artists well known in the screen world, in a Carl Laemmle picture. In addition to this fine production there is Larry Semon in "Kid Speed."

At the 9.15 p.m. performance yesterday, enjoyable classical contributions were provided before the picture programme by the symphony orchestra of H.M.S. *Vindictive*.

To-morrow and Wednesday should see full houses at each performance at the Queen's Theatre when the big attraction will be "The Lost Chord," the screen story which has been woven around Sir Arthur Sullivan's song of that name. The cast appearing in this picture includes Faure Binney, Alice Lake, Dagmar Godowsky, Henry Sedley and David Powell.

From Thursday to Saturday the long anticipated Jackie Coogan film "The Boy of Elandra" will be screened. Supporting the famous Jackie Coogan in the picture are Josef Swickard, Nigel de Brulier, Lionel Belmore, Nell Craig and the well-known dog "Teddy."

### THE "STAR"

At the "Star" Theatre, Kowloon, to-day an unusual picture in "Life's Greatest Game" is being shown. It is a sporting melodrama full of action and starring Johnnie Walker. The sport is baseball, America's great national pastime.

To-morrow and Wednesday "The Tenth Woman" is being shown and this picture had a first run in Hongkong some months ago, but has been booked again in view of the popular demand. The story is of a married flapper, Rose Ann, who always does the one thing that nine women out of ten would not do. The picture has been adapted from a literary success by Harriet Cornstock and stars June Marlowe, Beverley Bayne, John Roche and Alec Francis.

The CHAIRMAN: That is all the business of the meeting, gentlemen, and I thank you for your attendance. Dividend warrants will be ready on Monday and may be obtained on application to the Company's offices.

**THE BOXER INDEMNITY  
DELEGATION.  
DELEGATES' FUNCTIONS  
EXPLAINED.****CHINESE MEMBERS' AUTHORITY  
EQUAL TO BRITISH.**

The members of the British China Indemnity Delegation were at home on March 22nd to the representatives of the foreign and Chinese press in Shanghai, at the Astor House, Lord Willingdon, Chairman of the delegation presiding. Lord WILLINGDON, addressing the guests, said:—

Under instructions from my colleagues and on their behalf as well as my own, I rise, as Chairman of the British Boxer Indemnity Delegation, to welcome the representatives of the Press in Shanghai most cordially here this evening and to express our satisfaction that they have responded to our invitation in such a friendly spirit. I make the latter remark, for I can't help feeling that some of you may have wondered why our first invitation since we arrived in China should be sent to members of the Press.

Let me assure you and reassure you on this matter by saying that we have no intention of trying to bribe you over a cup of tea. I am inclined to think that it should take a much stronger beverage if we wanted to succeed in such a purpose.

**CLEARING UP A MISUNDERSTANDING.**

But I must honestly say that, apart from the pleasure of your company here, we have got a purpose in inviting you all here to-day. We, all six of us, have lived long enough in public life to know the great influence that the Press has on public opinion in any country. I think it is true to say that in some quarters there has been a great deal of misconception as to what is the exact purpose of our Mission, some misunderstanding as to the relative position and authority of the British and Chinese members of our delegation.

We have thought it well, therefore, to get out a statement which will get rid of all doubts as to the position, and we venture to request that the representatives of the Press will be good enough to give the statement such publicity as they can. We ask you to-night to help us to get a fair start in our work. We don't expect to escape criticism, indeed I think we all feel that fair and reasonable criticism is stimulating and helpful. What we ask is, as I have said, that you should give us your valuable assistance in clearing away doubts which at present exist.

I need not dilate on the matter, for the statement is, I hope, sufficiently clear. But, put very shortly, the six members of our delegation have equal status and authority in every respect. We are all members of the statutory committee in London, and have met here as a delegation from that committee to enquire into how best the British Boxer Indemnity should be spent in the best interests of China and her people. The Committee in London consists of 11 members, of whom we six are now in China. If, as I profoundly hope at the end of our labours, we produce an unanimous report, we shall then go to London and if my arithmetic is correct shall be in a powerful position in influencing the views of our colleagues in England.

**APPEAL FOR CO-OPERATION.**

And to-night at the commencement of our labours, on behalf of my colleagues and myself, I ask for co-operation from the people of China in assisting us to come to such decisions as are best calculated to give permanent benefit to their country.

Without that co-operation we may not be able to achieve all we desire; with it I hope and believe that we may achieve something which may prove to be a further binding link of friendship and goodwill between our two races, and help to sweep away those clouds of unrest and unsettlement which have so grievously afflicted this country in recent years.

Mr. FRANCIS ZIA replied to Lord Willingdon, on behalf of the Chinese press, expressing the hope that the Commission would keep the press fully informed as to its purpose and activities. In the free discussion which followed it was made clear that although the Committee now in China consisted of six out of 11 members, they had a clear majority and if they unanimously agreed on the report to the full committee, it was not likely that they would be overruled by the minority.

Mr. Zia asked whether the committee was here entirely in an advisory capacity and if so, whether the British Secretary of State for Foreign Affairs could reject its recommendations. Lord Willingdon explained, in reply, that his committee was solely advisory, but he doubted very seriously whether a report made by the full committee of 11 members would be rejected.

Although Lord Willingdon did not enter into a lengthy statement on this subject, all present seemed to be satisfied that public opinion would always be behind a committee which represented experts both Chinese and foreign.

Dr. V. K. K'ing explained to the Chinese pressmen present that he accepted his appointment on the committee only because it was advisory and that the question of administration was entirely another matter, to which consideration would have to be given at another time. Lord Willingdon's remarks were translated into Chinese by Dr. Hu Shih.

(Continued on next column.)

**A SHANGHAI LIBEL ACTION.**

The "N.C. Daily News & Herald, Ltd." were sued in H.M.'s Supreme Court at Shanghai last week by the "China Press Inc." for alleged libel.

It was alleged by the plaintiffs that the defendants acted falsely and maliciously on January 21st in publishing a *premiere* of a petition filed by in the U.S. Court for China by Mr. H. C. Norman, in which it was stated that he claimed \$42,000 arrears of salary and Tls. 20,000 damages, it being asserted that there were no arrears of salary. It was asserted that by the publication of this and certain other statements in the petition the plaintiffs' credit and reputation had been injured and they claimed Tls. 10,000 as general damages. The defendants admitted the publication, but said that the words complained of did not mean what was alleged by the plaintiffs and were not libellous.

The Jury returned a verdict for the defendants.

**THE CHINESE POLICE AT  
SHANGHAI.****TRIBUTE BY THE COMMISSIONER.**

In his annual report, the Commissioner of the Shanghai Municipal Police (Capt. E. I. M. Barrett, C.I.E.) pays the following tribute to the Chinese Branch of the Force:—

"The Strike proved a great test of the loyalty of the Chinese Branch, and, on the whole, they stood the test well. The difficulties, chief of which was intimidation, that had to be contended with, were considerable, and, in view of this, it is to the credit of the Branch that, of 1,737, no more than 277 refused duty. Most of these were young Chinese Police Constables of less, or little more than one year's service, who had no families or interests in Shanghai. The older men remained loyal almost to a man, and the senior ranks, not one of whom absconded, did very good work in maintaining loyalty amongst constables. Special precautions have been taken to ensure that none of the strikers are ever re-engaged."

**WEATHER REPORT.**

Last night's weather report, forecast and remarks by the Royal Observatory said:—

The anti-cyclone has moved eastward and is now central between the Bonins and the Loochoos. Moderate monsoon may be expected along the S.E. coast of China and over the China Sea.

Local forecast: N.E. winds, moderate to overcast, with rain at first, improving later.

**THE STATEMENT TO THE PRESS.**

At the meeting, the following statement was issued to the press in English and Chinese.

The decision of the British Government to return to China the unexpended portion of the China Indemnity was embodied in an Act of Parliament whereby it was enacted that all indemnity payment made by the Chinese Government from December 1st, 1922, should be treated as a special fund to be called "The China Indemnity Fund" to be applied to "educational or other purposes" mutually beneficial to both countries. Under this Act, a statutory Committee was appointed consisting of 11 persons, three of whom were Chinese. In order to facilitate the work of the Committee in ascertaining the views held in China with regard to the disposal of the funds, it was decided that three English members of the Committee should visit China and pursue their investigations in co-operation with their three Chinese colleagues.

This Anglo-Chinese delegation, which is now in China, will visit many of the chief centres of population and will deliberate on the relative merits of the various schemes that have been or may be placed before them, and consider the principles to be followed in allocating the funds and in providing for the administration. The six delegates, whose status and functions are precisely equal and who are all full members of the statutory Committee, will, in due course, submit the result of their deliberations to the whole Committee. This Committee, which is advisory in nature, may be dissolved when the permanent executive organization is established for allocating and administering the funds. The character and composition of the permanent organization constitute one of the most important questions to be considered by the delegation.

The fundamental object which the British Government have in view in returning the balance of the indemnity is the strengthening of the bonds of friendship between Great Britain and China, and the utilization of this money to the best possible advantage for China and her people. The duty of the Delegation now in China is to find out what are the most pressing needs to which the indemnity funds can be applied; and it is hoped that the Committee's recommendations will meet with the approval of the Chinese people. In order that their task may be satisfactorily carried out, the members of the Delegation trust that those representing the various interests that may be affected, will give the Delegation their counsel and co-operation.

SEASON.**

"The Quaints" concluded their season at the Theatre Royal on Saturday evening with the presentation of "The Unfair Sex," a farcical comedy by Eric Hudson, which has met with a considerable amount of success in London.

The play dragged unaccountably in the first act and promised to prove hopelessly disappointing, but it gathered momentum as "the plot" developed and the closing scenes were particularly diverting. The theatre was practically filled—an excellent testimonial to "The Quaints" considering this was their eighth or ninth consecutive performance—and when the final curtain fell the sustained applause and, it may be added, the bouquets and other presents handed to the various members of the cast demonstrated the high appreciation of those present.

As we predicted, would be the case after the opening performances at Kowloon last week, "The Quaints" visit to Hongkong has been a particularly successful one from every point of view. The Company, we trust, have been as satisfied with the financial results as the theatre-goers have been with the programme of entertainment provided. When they return—and it is hoped a return visit will not be unduly delayed—they may be surprised at another welcome.

On Saturday, Mr. R. B. Salisbury and Miss Ella Erskine, the charming *Nanette*, did not appear, and it speaks highly for the all-round talent of the Company that the play went so well without the assistance of these two principals. Mr. George Curzon, who is a friend of many years standing with Hongkong audiences, was given a splendid opportunity in the part of *Sir Henry Hethcote, K.C.* In "No, No, Nanette" he played a very minor role and, in our opinion, was not particularly successful as the better and book-maker's clerk in Ian Hay's Comedy. But in "The Unfair Sex" his was the character around which the whole play revolved and although as a High Court Judge in real life he might leave a great deal to be desired, there is little need to criticize the burlesque demanded from him by this farce. He was admirable throughout. Mr. Clive Woods as *Harry Fane* was perhaps a little too fatuous in the opening scenes but he improved wonderfully as the play progressed and maintained eventually the high opinion formed of his ability as *Algernon Shrigley* in "The Sport of Kings." The lady members of the cast were all good. Most of them came more prominently into the picture than in "No, No, Nanette" and the other plays. More sincere acting was required of them and their success established their veritability beyond question. Undoubtedly "The Quaints" as at present constituted, are a small but good all-round combination excellently equipped to meet every demand made upon them by a long tour.

Their farewell performance of "No, No, Nanette" was given at the Star Theatre, Kowloon, yesterday.

**MODEL PRISON FOR KUKIANG.****PREPARING FOR EXTRALITY  
COMMISSIONERS' VISIT.**

KUKIANG, February 24th.  
A huge model prison with an area of about 150 square yards has been for some time in process of being built by the Kukiang Local Procuratorate inside the east gate of the city, which is near the country. The contract price of the work is \$180,000. The work started in the 10th year of the Republic; but owing to lack of funds, it has been discontinued.

**THEOSOPHICAL SOCIETY.****THE WORLD-RELIGION.****STATEMENT PASSED BY GENERAL  
COUNCIL.**

The following statement was passed by the General Council of The Theosophical Society (Headquarters, Adyar, Madras, India) at the Jubilee Convention, December, 1923:—

**BASIC TRUTHS OF RELIGION.**

Theosophy, the Divine Wisdom, is the root of all the great religions, living and dead; all are branches of that ever-living Tree of Life, with its root in Heaven, the leaves of which are for the healing of the nations of the world. Each special religion brings out and emphasises some special aspect of the Truth, necessary for the evolution of humanity during the age it opens, and shapes the civilisation of that age, enriching the religious, moral and cultural heritage of the human race.

The World Religion, of which all special religions are integral parts—whether or not they recognise their places in the World Order—declares:—

1.—There is one transcendent Self. Existing Life, eternal, all-pervading, all-sustaining, whence all worlds derive their several lives, whereby and wherein all things which exist live and move and have their being.

2.—For our world this Life is immanent, and is manifested as the Logos, the Word, worshipped under different Names, in different religions, but ever recognised as the One Creator, Preserver and Regenerator.

3.—Under Him, our world is ruled and guided by Hierarchy of His Elder Children, variously called Rishis, Sages, Saints, among whom are the World-Teachers, who for each age re-proclaim the essential truths of religion and morality in a form suited to the age; this Hierarchy is aided in its work by the hosts of Beings—again variously named, Devas, Angels, Shining Ones, discharging functions recognised in all religions.

4.—Human beings form a new order of the creatures evolving on this earth, and each human being evolves by successive life-periods, gathering experiences and building them into character, reaping always as he sows, until he has learned the lessons taught in the three worlds—the earth, the intermediate state and the heavens—in which a complete life-period is passed—and has reached human perfection, when he enters the company of just men made perfect, that rules and guides the evolving lives in all stages of their growth.

These are the Basic Truths of the World-Religion, of which all religions are specialised branches; to proclaim and teach these The Theosophical Society was founded and exists.

The World Religion will thus help in preparing the way for the Coming of the World-Teacher, Who shall give to the Basic Truths the form suited to the age. He will open the Age of Brotherhood. The Theosophical Society admits to its fellowship all who desire to enter it, whether or not they hold any of these basic truths, or belong to any religion or to none, since all belong to the Universal Brotherhood of Humanity, of which it is a nucleus. (The Theosophist, March, 1926).

several times, so the prison is not finished yet—a period of six years! Now, as the Extraterritoriality Commissioners will come here soon, The Procurator General, has urged the Provincial Government to raise a big sum of money so that the building of the prison may be finished at the earliest date possible. The Procurator General is said to have received \$10,000 from the Commission of Finance, and some 300 workers have been put on to build the rest of the prison. It will be probably be finished in a few weeks.

## THE CANTON SITUATION.

## DEPARTURE OF LEADING RUSSIAN MILITARY ADVISER.

[FROM OUR CHINESE CORRESPONDENT.]

Included among the Russians who departed on March 25th for North China, presumably on the advice of the Canton Government, was General Rogachoff, the leading Russian Military Adviser to the Kuomintang, who has been the officer in charge of the Soviet Mission in Canton during the absence of M. Borodin.

## GENERAL CHIANG PETITIONS FOR PUNISHMENT.

General Chiang Kai Shek as Commandant of the Central School of Politico-Military Science, has sent the following petition to the Kuomintang Military Council:—

"On the evening of March 18th, the *Chung Shan*, under the immediate command of the Naval Bureau, unexpectedly arrived before the Central School of Politico-Military Science at Whampoa, advising Chief Instructor Tang Yin Tet that the ship had been ordered there by me, as Commandant of the School, to await instructions. At the time I was in Canton on business and was greatly surprised over the fact, as no such previous orders had been given and no misunderstanding of an order was therefore possible. The ship remained under full steam and ready for action for a night and a day in front of the School (located on the water front at Whampoa) and then returned to Canton Harbour, in the dead hours of the night.

"Believing that the ship had no reason to be on full steam day and night, and it appeared to me that speedy action was expedient to prevent possible rebellious activities for the sake of the Party and the Country, I directed Assistant Commandant Aw Yang Keh of the Naval College to assume temporary command of the ship and ordered troops to Canton City and vicinity to take Acting Chief Li Chi Lung of the Naval Bureau into custody for investigation and, at the same time, put the place under military vigilance to prevent unforeseen events.

"By the help of the honour of the Government, peace has prevailed; but the steps taken during emergency and while under extraordinary circumstances not having been reported to the proper authority in advance, I cannot but pray for pardon for this indiscretion. As action had to be taken on the very night and hesitation might spell destruction what I have done could not be avoided.

"I have the honour to report the foregoing action taken and, at the same time, offer myself for punishment, so as to assist in the maintenance of military discipline, law and order."

## CANTON'S 72 HEROES.

## FIFTEENTH ANNIVERSARY OBSERVED.

[FROM OUR CHINESE CORRESPONDENT.]

Yesterday being the 15th anniversary of the first battle of the Republican Revolution in Canton, in which some 72 heroes gave up their lives for the cause of democracy, the Canton Government and the public were to observe the day as a public holiday; and on the Yellow Flowers Hill, where the 72 honoured dead have been buried, a memorial service was to be held. The Canton Boy Scouts were asked to furnish the guard of honour for the service.

## THREATENED LABOUR TROUBLE ON INLAND RIVERS.

[FROM OUR CHINESE CORRESPONDENT.]

The Kuomintang Labour Conference have approved of demands being made by the sailors on the inland junk and launches for higher wages and better service conditions from their employers. Should they fail to receive what they want, they intend to go on strike, and the Kuomintang is asking the students, soldiers, farmers, and workers to go to the aid of the sailors, in case of necessity. An inland shipping strike will tie up all river traffic and stop internal trade, as, in Kwangtung, water is so far the most available form of communication.

## EMBARGO ON NATIVE SUGAR EXPORTS.

[FROM OUR CHINESE CORRESPONDENT.]

The embargo which has been placed on the export of native sugar from Eastern Kwangtung, as a punishment on the sugar producers for failing to pay the new Kuomintang surtax on this product is roundly condemned by the people of Swatow and vicinity as a short-sighted policy, since it is destroying an important native industry and encouraging the import of foreign sugar. The import of foreign sugar has jumped since the tax was imposed from a little over 6,000,000 to 36,000,000 piculs. Much of this comes through the port of Swatow. Before the Kuomintang interference with the farmers, the natives around Swatow shipped out some 190,000 tons of brown and white cane-sugar yearly. In 1922, when there was hardly any Kuomintang influence in Eastern Kwangtung, the brown and white sugar export through Swatow amounted to 958,345 piculs in all, worth some HK \$1,183,657.

For a time in the Kityang, Chaoyang, Chao-an, Poling, and Chinghoi districts alone, there were as many as 120,000 *mou* of land devoted to cane growing and some 2,000 families owning sugar mills of the old style, in each of which some 10 to 20 persons worked with the aid of water buffalo power and stone mills. These districts alone used to produce about 1,450,000 piculs of sugar for local and nearby consumption and some for export, but on account of lack of encouragement and of political interference, the production has fallen to about 400,000 piculs annually in the last two years. In addition to the five districts above mentioned, Waichow also produces sugar.

## THE SCOUT SPIRIT.

## HAPPY GATHERING AT THE SEAMEN'S INSTITUTE.

The first of a monthly series of Scout Association "Camp Fires" was held at the Seamen's Institute on Saturday night, when about 130 Scouts were present.

The Hon. Mr. P. H. Holyoak, the President, made a brief speech, in which he emphasised the spirit of brotherhood which was behind the movement. It was by such movements, he said, that friendliness was to be promoted amongst the nations of the world.

The Rev. G. T. Waldegrave, the Commissioner, said that the gathering was significant of what the Scout movement was doing to promote brotherhood, since it was represented by British, Chinese, and Japanese boys, all working together in friendly co-operation. The Scouts were hoping to form a "Concord" Club, following an appeal which H.E. the Governor had made to them.

A delightful programme was gone through by the boys, including songs, choruses and troop "yells." Mrs. Skelton presided at the piano. Before dispersing, the Scouts gave three cheers for Mr. Holyoak and the visitors.

## SOCIETY OF ST. GEORGE, HONGKONG.

The Report of the Committee for presentation at the ninth annual general meeting on April 9th, states:—

The cash balance in hand stands at \$478.58 and in addition, the sum of \$2,000 is on Fixed Deposit. During the year numerous calls have been made on the Society for assistance and grants to the sum of \$2,018.21 have been given.

On St. George's Day a wreath was laid on the Cenotaph and later a tiffin held at the Hongkong Hotel.

During the year 11 new members joined the Society.

The Committee deeply regret to record the death of the following members since the last report:—Hon. Mr. C. Montague Ede, Mr. W. Petley, Mr. M. J. D. Stephens, Mr. W. J. Wilkinson, and extend sincere sympathy to their relations. The accounts have been audited by Messrs. Lowe, Bingham & Matthews to whom the thanks of the Society are due.

## VOLUNTEER APPOINTMENTS.

His Excellency the Governor has been pleased to make the following promotions in the Hongkong Volunteer Defence Corps, with effect from the 10th March, 1926:—

Lieutenant Christopher Willson, O.B.E., V.D., to be Captain.  
Lieutenant Wilfrid Brackenbridge, M.C., to be Captain.  
Lieutenant Donald Clement Logan, M.C., to be Captain.

## OBITUARY.

## MRS. J. H. TAGGART.

## PASSES AWAY AT SEA.

We deeply regret to record the death of Mrs. J. H. Taggart, wife of Mr. J. H. Taggart (Chairman and Managing Director of the Hongkong & Shanghai Hotels, Ltd.), which occurred on Friday evening at sea on the s.s. *President Madison* while en route from Manila to Hongkong. The sad news of Mrs. Taggart's demise reached Hongkong on Saturday morning by wireless.

Following the recovery of Mr. Taggart from a very serious illness, both Mr. and Mrs. Taggart left Hongkong on January 22nd for Australia, in order that the sea-trip and change might aid their recuperation.

Mr. Taggart derived material benefit from the trip, and they left Australia a few weeks ago on the s.s. *Change* to return to Hongkong. Mrs. Taggart, who for many years, had suffered from Bright's disease, was taken seriously ill on the way back from Australia and when the news of her illness reached the Colony a special nurse was despatched to Manila to meet the *Change* on arrival there. With a view to getting Mrs. Taggart to Hongkong at the earliest moment possible, she was transferred to the *President Madison* at Manila and it was on this vessel that she passed away.

The late Mrs. Taggart had resided in the Colony for about fourteen years, and as the community is aware she actively assisted her husband in his work connected with the Hotels under his management. She interested herself especially in connection with the interior design, decoration and fittings of the Repulse Bay Hotel, and also in the Hotel orchestras, for which she herself composed several waltzes and fox-trots which gained considerable popularity.

During the strike of last year as well as during the strike which occurred in 1922, Mrs. Taggart put in a tremendous amount of hard work at the Hongkong Hotel in order that as good a service as possible should be maintained under the conditions then existing.

She had always led a very active life. During the early days of the Helena May Institute she took a deep interest in that Institution and for a time conducted a series of classes there. During the war she worked in connection with the local branch of the American Red Cross.

The late Mrs. Taggart was of American birth and had been twice married. A son by her first husband served with the American Army during the War.

## THE FUNERAL.

The s.s. *President Madison* arrived in Hongkong yesterday morning with the remains of the late Mrs. Taggart on board, and the funeral took place yesterday evening at the Roman Catholic Cemetery, Happy Valley.

Eloquent testimony to the deep and widespread sympathy felt with Mr. Taggart in his sad bereavement was expressed by the large attendance at the funeral and the great number of floral tributes sent.

Despite pouring rain several hundred people attended the Cemetery to pay their last respects to the deceased lady, and there were many ladies among those present.

The entire European and Chinese staffs of the Hongkong, Repulse Bay and Peak Hotels as well as those connected with other departments of the Hotels, were present.

The funeral service was conducted by the Very Rev. Father Robert, who was assisted by a surpliced choir.

The chief mourner was Mr. J. H. Taggart, and others present included Mr. J. Scott Harston, the Hon. Mr. P. H. Holyoak, Mr. E. M. Raymond (Directors of the Hongkong and Shanghai Hotels), Mr. W. J. Hawker (Manager), Mr. J. P. Bourne (Hotels' Superintendent), Mr. E. C. Barry (accountant), Messrs. P. I. Newman, A. W. Smith, W. J. Burling, U. Omar, T. R. Parsons, C. E. White, the Hon. Mr. E. D. C. Wolfe (Captain Superintendent of Police), Mr. C. D. Melbourne, the Hon. Mr. A. O. Lang, Mr. N. Croucher, Dr. Balesar, Dr. Koch, Messrs. W. W. Hirst, Lammer, Noel White, G. Grimble, W. D. Goodfellow, A. Hicks, R. M. Omar, Ho Leung, Chief Inspector W. Kent and many others.

## FLORAL TRIBUTES.

There were between 200 and 400 floral tributes sent, these being afterwards heaped on the grave to the height of several feet.

Owing to the rain it was not possible to compile a complete list of the wreaths sent, as many names on the cards were obliterated.

Three wreaths were from Mr. Taggart, deceased's son, and from Mr. and Mrs. H. Birkett, and these were placed on the coffin and lowered into the grave with it.

Other wreaths were sent as under:—The Hon. Mr. P. H. Holyoak, Mr. J. Scott Harston, Mr. E. G. Shewan, Messrs. A. H. Barker, W. J. Hawker, J. P. Bourne, P. I. Newman, J. B. Hawker, J. D. Humphreys, G. M. McDonald, D. E. Capleman, H. B. Bennett, F. K. Tommy,

## BRITISH FILMS AND FOREIGN INFLUENCE.

An extraordinary amount of attention is being given in England to the subject of film production about which we wrote in detail recently. The importance of devising some method to counter the aggressive penetration of American cinematograph interests in Great Britain and throughout the British Empire is fully realised, but how this can be effectively done is a problem of enormous difficulty.

That something will be done eventually we have no doubt, but at the moment there is nothing in the nature of a plan which meets with general acceptance.

Since the question came to the front towards the end of last year the film industry in England has been urged to agree upon a scheme whereby a quota of British films should be shown at every performance—that is to say, there should be a per centage of British to foreign films. Failing agreement on this cardinal point the various interests concerned were given to understand that legislation would probably be passed to make them do under compulsion what they declined to

carry out of their own free will. But so far agreement has been found impossible of attainment. The stumbling block is the acceptance of any scheme for a compulsory quota of British films.

The idea of a quota is generally considered to be a fundamental part of any plan for dealing with the exhibition of films in picture theatres. It has been approved in some quarters in England and hotly opposed in others. It has been urged upon the Government as practical and potentially effective if legislation must be passed—as seems highly probable—to control the imported productions of American film studios; and the Federation of British Industries, which has taken a very strong line in support of the quota, has prepared a Bill for Parliament. But the film industry in Britain is like a house divided against itself. There are numerous conflicting interests. The only definite result of prolonged discussion so far has been to obtain a vote within the trade itself regarding the proposed quota, and this was unsatisfactory. A majority voted against the quota, but there were many hundreds of film users who did not vote at all. The quota suggested by the F.B.I. is as follows—87 per cent. foreign films shall be permitted to be shown against 13 per cent. British in 1927; 75 per cent. foreign against 25 per cent. British in 1928; and 63 per cent. foreign against 37 per cent. British in 1929, and onwards.

On the face of it this demand seems by no means unreasonable. But as we have already stated it was rejected by the trade. Other proposals have also been turned down. The situation would be amusing were the issue less serious. The position at the moment is that the film industry at home, being fully conscious that public opinion is expecting something to be done, are earnestly professing their desire to put British film production on its feet. Frantic searches are made for means to carry this out, but when any of these are put to the vote, each section of the trade promptly rejects every suggestion which might possibly react against its own particular interest.

Thus there is the comic spectacle of the exhibitor denouncing the evils of block-booking (the system under which cinemas are forced to book a mass of inferior American pictures which they do not want so that they can book others which they do want), but setting his face firmly against any question of a quota which might hurt his interests. The renter of films sees that the abolition of block-booking without a quota would be useless, and therefore, since the exhibitor will not agree to a quota, he, as a renter, votes against the abolition of block-booking. The impasse is, therefore, complete.

One of the grounds on which the quota proposals have been severely criticised is that there would not be a sufficient number of good British films available, and that thoroughly bad pictures would have to be screened in order to comply with the quota. But the answer to this is supplied by the figures previously given. We can agree with those who meet this argument by stating that a quota of only 13 per cent. in the first year of film control, 25 per cent. in the second year, and 37 per cent. in the third year and onwards is so modest that even at the present low rate of production there are, or will be, sufficient admittedly good British pictures to make up the quota. It is generally admitted that British production is improving; and the rate of improvement would be more rapid if more capital were available for development. Pictures, however, cannot be made without money, and money cannot be attracted until the investor knows that there is a market for the films.

The London County Council, which controls all the cinemas in the Metropolitan area and issues licences permitting them to carry on, recently reported against the unrestricted exhibition of imported films. "The vast majority of films now shown," runs the report, "portray standards and ideals different from those ruling in this country. The effect of this on adults is difficult to gauge, but the effect on children must strongly tend to weaken national characteristics." This is a very

weighty pronouncement. It ought surely to have some effect on the minds of the great-wise, and eminent people who carry on the business of Government, who should realise that it is against British interests to have the ideas and ideals of another country presented day by day and night after night in countless cinemas throughout the British Empire. We want something better than sex dramas compounded of emotional slush and the morality of the cave man, and action plays which are not for the most part founded on the untutored standards of the "Wild and Woolly West" of half a century ago. Unfortunately Governments are proverbially slow to move, and it is reported in London that there is an idea in Downing Street that this is a matter which can be postponed for a year. But, of course, the longer legislation is delayed to enforce a quota the more difficult will it be eventually to release the present stranglehold of American film interests. The most hopeful feature of the film situation for the time being is that public opinion at home has been definitely roused over the question of British film production, and that the politicians may be forced to move in the matter in spite of themselves.

## RENTS RESTRICTION.

## HONGKONG ORDINANCE TO LAPSE ON JUNE 30th.

The following notification appears in the Government Gazette:

"It is hereby notified for general information that it is intended to allow the Rents Ordinance to expire on the 30th June, 1926."

## FRENCH POLITICO-FINANCIAL CRISIS.

## THE FINANCE MINISTER'S PROPOSALS.

## THE BOAT RACE: DETAILS.

[THROUGH REUTER'S AGENCY.]

## FRENCH FINANCES.

## NEW TAXES TO MAKE ENDS MEET.

Paris, March 27th. In the Chamber of Deputies, the Finance Committee agreed to new taxation yielding an estimate of 1,350,000,000 francs, including a profits tax on the conveyance of real property, an increased tax on the sale of businesses and doubling the turnover tax on firms whose figures exceed a million francs.

It is understood that the Finance Minister, M. Peret, is willing to accept a compromise on the proposal to make up the remaining deficit of over a milliard francs by a general turnover tax exclusively confined to wholesalers and middlemen.

## HOPE OF A SETTLEMENT.

The Ministerial Council have discussed the financial situation. M. Raoul Peret indicated there was hope of reaching an agreement in the Finance Committee, and added that he was prepared to make a further effort at conciliation as far as was compatible with the imperious necessities of the hour.

The Council unanimously approved of M. Peret's attitude. Subsequently M. Peret said he would wash his hands of the whole business unless the Business Turnover Tax and other taxes was voted by March 31st.

M. Peret declared the Government was unanimous on the necessity for a speedy vote, and would, if necessary, stake its existence thereon. Things could not continue in this way. They were at the mercy of the slightest incident which might smash up everything. He was not afraid of any complication at the moment, but if demands for reimbursement of Treasury Bonds should pour in he would be reduced to resort to inflation which he would not have at any price.

The Finance Committee of the Chamber passed by 15 votes to 7, with five abstentions, the amendment of Deputy Margaine aiming at the institution of a monopoly on the higher grades of petrol. The amendment provides for State Control of the importation of raw petroleum, its derivatives, and also sugar from January 1st, 1927, but it is not certain that Parliament will pass it.

LATER. The politico-financial situation is drastically transformed. The Government's fate yesterday seemed sealed owing to the Socialists and Radicals opposing an increase of the Business Turnover Tax, on which the Government insisted, but today M. Peret suddenly informed the Finance Committee of the Chamber that he had given up this tax and would instead submit proposals for an increase in certain indirect taxes, especially wines, beers, spirits and certain stamp duties.

M. Peret asked for a little time to put the finishing touches on the new project, and the Committee readily agreed, thus the anti-Government majority on the Turnover Tax is averted at the eleventh hour.

[THROUGH HAVAS AGENCY.]

## THE MOROCCAN WAR.

## A STATEMENT BY MONSIEUR PAINLEVE.

Paris, March 28th. M. Painleve, heard by the Finance Committee of the Chamber, stated in the recent fight in Morocco, the French troops made good progress, with unimportant losses.

The Government remains willing to contemplate broaching negotiations as soon as circumstances make it possible, but will act in full accord with Spain towards a pacific settlement of the Moroccan question. It is for their enemies to impart to Spain and France their desire for peace.

[THROUGH REUTER'S AGENCY.]

## FRENCH SYRIAN WAR.

## CONVOY TANKS ENGAGE REBELS.

Paris, March 28th. A message from Beirut states a French column, while proceeding from Sednaya to Nive, encountered hostile forces. Convoy tanks preceding the column, engaged a powerful body of rebels at Barze, killing thirty.

## LABOUR WIN.

## NO CHANGE IN SCOTCH COUNTY BY-ELECTION.

London, March 27th. In the Bothwell Parliamentary by-election, Mr. Joseph Sullivan (Labour) headed the poll with 14,530 votes. Mr. A. C. Mackay, E.C. (Conservative), was next with 9,740 and Mr. Ernest Young (Liberal) bottom with 1,976. The by-election arose out of the death of Mr. John Robertson.

At the last election, Mr. Robertson (Labour) beat Mrs. H. B. Shaw (Conservative) by 14,691 to 11,214.

## ELECTRICITY BILL.

## HOME GOVERNMENT FACES DIFFICULT PROBLEM.

London, March 28th. The Government faces another difficult problem when the second reading of the Electricity Supply Bill is taken to-morrow. Much opposition is expected from Government supporters. The strongest feeling exists among a section of Conservatives against the Bill which is regarded as the thin end of the wedge of Nationalisation.

Some forty have indicated they are supporting the unofficial motion for the Bill's rejection on the ground that it is Socialistic. It is unlikely, however, that this motion will be moved as a Labour amendment advocating a publicly owned system which takes precedence, while Government circles contend that most criticism arises from the fact that the Bill's technicalities are imperfectly understood. The situation needs careful handling, and it is expected that the Government will be induced to accept some modifications.

## ANTI-FASCIST MEASURE.

## OFFENDERS TO LOSE PROPERTY AND CITIZENSHIP.

Rome, March 27th. The new law against political refugees is applied to the case of the ex-Socialist deputies Antonio Vacirca, residing at New York and Angelo Tonello, living at Lugano.

The former is deprived of rights of Italian citizenship and his property confiscated for alleged systematic vilification of Italy in the United States while Tonello loses his rights of citizenship and his property is sequestered for two years for allegedly conducting a venomous campaign against Fascism.

## NEW ALLIANCE.

## TREATY BETWEEN POLAND AND ROUMANIA SIGNED.

Bucharest, March 27th. A treaty of alliance between Rumania and Poland has been signed.

## THE FALLING FRANC.

London, March 28th. French francs on London have dropped to a new low record, closing at 141.30, on selling believed to be emanating chiefly from Paris.

## THE STEEL TRUST.

## TO BRING DOWN PRICES AND INCREASE TRADE.

Berlin, March 26th. The Rhenish Westphalian Steel Trust, which will be known as the Vereinigte Stahlwerke, is now practically a *fait accompli*, and it begins active operations on April 1st. The purpose of the Trust is stated to be reduced general expenditure by the concentration of production so that the various works will only produce material for which they are best suited. It is hoped to reduce the cost of production and bring down prices and increase trade. The headquarters of the Trust will be at Düsseldorf for steel and at Essen for coal. The capital of the Trust is fixed at 800 million marks, and it is hoped to obtain the necessary working capital by means of long term loans from the Reichsbank at the reduced discount rate of from eight to seven per cent. whereas the rate of interest on advances is from nine to eight per cent.

## THE GRAND NATIONAL.

## JACK HORNER WINS A GREAT RACE.

London, March 28th. The result of the Grand National, run at Aintree to-day, was as follows:—

Jack Horner ..... 1  
Old Tay Bridge ..... 2  
Bright's Boy ..... 3

There were 30 starters. Won by three lengths, one length between second and third.

The starting price betting was: Jack Horner, 25 to 1; Old Tay Bridge, 8 to 1; Bright's Boy, 25 to 7.

Instead of being French as the Lincoln was, it was an American Grand National, as Jack Horner was purchased by leading American financier, Mr. Charles Schwab, a fortnight ago from Kenneth Mackay for £4,000. Bright's Boy is owned by the popular American Mr. Sanford, the owner of Sergeant Murphy. It was an excellent race with an exciting finish. Old Tay Bridge and Bright's Boy rose at the last jump together, but the former failed to resist Jack Horner on the flat. The time was a min. 36 secs. There was no serious mishap.

[THROUGH REUTER'S AGENCY.]

## THE BOAT RACE.

## HUGE CROWD SEE CAMBRIDGE WIN.

London, March 27th.

Fine weather prevailed for the boat race, which was witnessed by a huge crowd.

Oxford won the toss and chose the Surrey side.

Cambridge won easily.

## THE RACE DESCRIBED.

LATER. The conditions were ideal for a fast race, the water being smooth, with a light south-easterly breeze. An excellent start was made. Oxford had a slight lead early on, but Cambridge rowed beautifully. At the milepost the time was 4 min. 3 secs. Here they were practically level, and a spurt by Oxford secured them an advantage, but Cambridge answered well.

At Hammersmith Bridge (Time 7 min. 27 secs.), Oxford lead by a bare canvas. At Chiswick Cambridge by a magnificent effort drew ahead, and although Oxford tried hard by Duke's Meadows to reduce the lead, Cambridge reached Barnes Bridge in 16 min. 10 secs., with the race well in hand.

As they approached the finish Cambridge with a short spurt, lengthened their lead considerably. The Cambridge crew did not appear to be distressed, but some of the Oxford men were badly done up.

## ITALIAN DICTATOR.

## ANOTHER BOMBASTIC OUTBURST BY MUSSOLINI.

Rome, March 28th.

On the occasion of the seventh anniversary of Fascism, Signor Mussolini has issued a message to Italian Fascists saying, *inter alia*: "At home the consent of the people is thronging ever more around the Government which has solved formidable problems, whilst the oppositions of all sorts have been dispersed. Abroad, Italy is loved or feared and respected everywhere, despite the impotent manœuvres of old political forces which we definitely have crushed." But Fascism's heaviest task is yet to be confronted, and "we must now, under the invincible symbol of Fascism, prepare unceasingly the material and moral power of the Italian people. Blackshirts! By all means and against every obstacle, we shall realise our ideal."

## SCULLING CHAMPIONSHIP.

## MAJOR GOODSELL ACCEPTS TOM SAUL'S CHALLENGE.

Sydney, March 28th.

Major Goodsell, the holder, and Tom Saul have signed articles for a sculling race on the Paramatta River on May 3rd, for the world's championship, with a stake of £200 aside.

[Major Goodsell became world's champion last year by beating the previous holder, J. Paddon.]

## SOVIET "REFORMS."

## ABOLITION OF MONASTICISM DECIDED ON.

Riga, March 28th.

A message from Moscow says it is announced that the so-called Holy Synod has decided on the total abolition of monasticism throughout Russia and monks must renounce their vows as not conforming with the spirit of the times.

[REUTER'S AMERICAN SERVICE.]

## MEXICAN BANDITS.

## NOTE TO GOVERNMENT FROM AMERICA.

Washington, March 28th.

The United States Ambassador Sheffield has delivered a Note to the Mexican Foreign Office requesting speedy punishment of the bandits who robbed two American mining engineers in Durango ten days ago.

There have been several other anti-American outbreaks in Mexico recently, but the State Department intimates the Note hardly constitutes a protest in the diplomatic sense of the word, and the United States is disposed to view these manifestations as merely a recrudescence of banditry, for which the Calles Government should not be held too strictly accountable.

## FALL IN U.S. STOCKS.

## HEAVY SALES.

New York, March 28th. In the stock market the average price of twenty pivotal Industrials sank to new low levels for the year, as another stream of liquidation poured out and aggressive bear-selling caused heavy sellings, and weakened marginal accounts. The market closed with heavy sales which totalled over a million dollars.

## MEXICAN OIL.

## DISCUSSIONS WITH U.S. COMPANIES BREAK DOWN.

New York, March 27th.

Negotiations at Mexico City between representatives of the leading oil companies and the Mexican Government with reference to modifications in the regulations for the exploitation of oil fields have broken down.

Disagreement arose owing to the oil representatives' inability to accept clauses concerning lands held before 1917. It is expected that the Government will now promulgate regulations and promise to meet the companies' objection in subsequent negotiations.

## CHILE AND AMERICA.

## SERIOUS COMPLICATIONS ON PLEBISCITE PROBLEM.

Santiago, March 27th. Serious complications have arisen between the American and Chilean members of the plebiscite commission. The Chileans claim that they accepted the good offices of the United States on condition that their plebiscite activities should remain undisturbed while the Americans demand complete suspension thereof.

## TACNA ARICA DISPUTE.

## UNITED STATES CALLED IN.

Washington, March 28th.

The Secretary of State, Mr. Frank Kellogg, has announced that the Governments of Peru and Chile have accepted the good offices of the United States for a settlement of the long-standing Tacna Arica controversy.

## MR. MELLON'S HOLIDAY.

New York, March 27th. Mr. Mellon left for Bermuda for his Easter Vacation. Sir Robert Horne said farewell to him on the pier.

## FAR EASTERN CABLE NEWS.

[THROUGH REUTER'S AGENCY.]

## THE NORTHERN WAR.

## BATTLE EXPECTED NEAR HUANG TSUN.

Peking, March 28th.

It is reported that Li Ching Lin's armoured train, manned by White Russians, came into contact with Kuominchun forces at An Ting. Some fighting took place this morning.

Kuominchun reinforcements are proceeding to An Ting from Feng Tai.

## PEKING CUT OFF.

Tientsin, March 27th.

A battle is expected shortly near Huang Tsun where rails have been torn up. Thus, railway communication, with the Capital is again stopped.

A strong force of Kuominchun troops, believed to be the remnants of the Third Army, are holding Huang Tsun while the "Allies" have sent armoured trains manned by Russians and troop trains carrying Russians and Chinese up the line. Many others are proceeding by road.

## A GENERAL "RED" EXPEDITION.

Hankow, March 27th.

A wireless message from Changsha states the Fourth Division is moving from Changsha to Yochow against the Third Division and the Yochow Garrison.

Railway telegraphic communication between Hankow and Changsha are severed. The local Headquarters consider the movement a preliminary to a general "Red" expedition.

## ATTEMPT TO CAPTURE PEKING.

Tientsin, March 28th.

Peking is now completely cut off from Tientsin, neither telephone nor railway communications functioning.

The Kuominchun have established important lines of trenches at Huang Tsun, with supports two miles behind, in readiness for strong resistance.

All foreigners in Fengtai have gone to Peking. The Mukden troops are now moving across country to Peking, and it is expected these, with Li Ching Lin's army, will attempt to capture Peking.

## PEKING, March 28th.

Gunfire was heard last night, probably at Sanhsien, where the Fengtien advance guard is reported to have arrived.

## ALLIES CONCENTRATING ON PEKING.

Shanghai, March 28th.

The civil war has reached an important stage, the Manchurian Generals Li Ching Lin and Chang Tsung Chang having recaptured Tientsin from the Kuominchun Army and now advancing along the railway to Peking, while Chang Tsao Lin's cavalry are pushing forward to Peking from the East, and Wu Pei Fu, who has completely cleared the province of Honan, from the South.

## PEKING, March 28th.

General Lu Chung Lin, the Commander of the Kuominchun Garrison here, has emphatically disclaimed his intention of disarming the Chief Executive's (Tuan Chi Jun) Bodyguard, thus greatly relieving apprehension since General Feng Yu Ksiang's telegram.

## THE DUTCH INDIES.

## NEW GOVERNOR-GENERAL APPOINTED.

The Hague, March 28th.

Jonkheer de Graaff, ex-Minister to Tokyo, has been appointed Governor-General of the Dutch Indies.

## HONGKONG BANQUE INDUSTRIELLE.

## DEVELOPMENT IN FORMER MANAGER'S LAWSUIT.

Paris, March 28th.

There has been a further development in the suit brought by M. Durnegin, formerly of Hongkong, against the Banque Industrielle de Chine.

The contention of the Bank de Paris et Pays Bas—that it was acting for the Government—is supported by a letter from M. Robineau, Governor of the Bank of France, to the Directors of the Bank de Paris et Pays Bas confirming the request of the Bank of France to various other Banks to furnish foreign currencies for the purpose of increasing the reserve which was being amassed to combat the speculation against the franc.

M. Robineau recalls that the Bank de Paris et Pays Bas suggested the Far Eastern market as being less susceptible to sudden fluctuations than the European and American markets; and, consequently, suitable for such operations.

## LOCAL AND GENERAL.

Tenders of the Wing On Construction Co. have been accepted for constructing the main road through the busiest part of Sai Kwan, the Sup Fat Poo, or the 18th Ward, Canton. Work is to start immediately.

Miss Coy, of No. 7, Cameron Road, has reported to the police, that sometime between March 25th and 26th. A wash house on the premises was entered and linen to the value of \$75 was stolen.

The dance postponed from last week was held at the Craigengower Cricket Club on Saturday night. There was a large attendance and the dancing, which continued until a late hour, was very much enjoyed.

A Chinese was knocked down in the Tsun Wan Road on Friday by a car driven by Lieut. G. C. Fawcett, R.A. He was slightly injured and was taken to the Kowloon Hospital. On the same day there were three minor accidents in Wan-chai, but the victims were only slightly hurt.

At the Central Magistracy on Saturday, a Chinese was brought up on remand on a charge of unlawfully receiving 200 bags of sesamum seed, stated to be worth \$3,000. It is alleged that defendant said that he was manager of the Aai Yau firm, of No. 125, Bonham Strand East, and so received the goods from another firm. The case was adjourned.

The Hongkong University Christian Association is to give a "farewell" party to the Rev. Dr. T. W. Pearce on Saturday next in St. John Hall. During the evening a presentation will be made to Dr. Pearce in recognition of his services in connection with the Association. A similar party is also being arranged by Morrison Hall, of which Dr. Pearce has been Warden for many years.

The usual Sabraon Anniversary Ball is not being held by the Warrant Officers and Sergeants of the 1st Bn. The East Surrey Regiment this year. In its place a dance was given at the R.E. Theatre, Wellington Barracks, on Friday evening. Major-General C. C. Luard, C.B., C.M.G. (G.O.C. the Forces in China) and Mrs. Luard, Col. Montague Bates and the majority of the officers of the regiment were present.

Sanitary Inspector H. J. Knight is retiring from the service of the Hongkong Government after thirty years' residence in the Colony. He leaves for Home on the s.s. *Glenamoy* on April 7th.

Mr. Knight arrived in the Colony in 1896 to join the Police Force. Within three years he was transferred to the Sanitary Department. Since 1917, Mr. Knight has been stationed at Kennedy Town, where he has been in charge of the slaughter houses, and the home for dogs under examination for rabies. He will probably settle down in the South of England.

It is notified in the *Government Gazette* that it is the intention of H.E. the Governor to make an Order on the expiration of six months from the date of this notice, directing the removal of all graves in certain portions of Sections A, B, C, and Plague Trenches in Hui Pui Cemetery, a certain portion of Section A in Chai Wan Cemetery; and the graves in certain portions of the Tung Wah Hospital Cemetery at Kai Lung Wan and Sham Wan Cemetery. In the case of the first cemetery the Order will be made for the purpose of the execution of a public work, namely the laying out of roads and building sites. In the case of the other three cemeteries the Order will be made for the proper laying out of such areas for the purpose of burial therein of Chinese dead.

The suggestion was accepted, and the Bank de Paris et Pays Bas with other Banks subsequently placed at the disposal of the Bank of France a certain reserve which contributed to reduce speculation. M. Robineau's letter concluded by paying a tribute to the promptitude and competence of the Bank de Paris et Pays Bas.

[A Paris cable of March 20th stated: M. Durnegin, till 1924 manager of the Hongkong branch of the Banque Industrielle de Chine, has brought an action in the Paris Court of Appeal against the Banque for wrongful dismissal, and says he was dismissed for refusing to carry out instructions which it was impossible to execute, and which, moreover, were calculated to lower the value of the franc. He says on May

## RACES FOR THE PRESENTED CUPS.

On Saturday, the three racing classes of the R.H.K.Y.C. yachts sailed for the presented cups, given by the championship winners. The course was from the Club to a mark off the old Customs House at the Fu Tau Chau, back to the Club and then to Cust Rock and back. There was a good breeze.

Five boats entered for the Handicap, and *Rolla* won fairly easily. *Dorothea* was second and *Argylla* third. Four Gael boats started, but only three finished. *Perrette* won comfortably. *Geat* was second.

Six Hayward Hays' boats sailed, and a keen race was seen between *Boojum* and *Adanac*. The former won; *Adanac* was a good second, and *Adela* was third.

## PING-PONG.

An interesting ping-pong match was played between the European Y.M.C.A. and the Chinese Y.M.C.A. at the former's headquarters on Friday evening, the visitors gaining a runaway victory by 61 games to 3.

The teams were—  
European Y.M.C.A.: Petrie, Murphy, Ogilvy, Ralston, L. Weill, M. Weill, Angus and Kiaros.  
Chinese Y.M.C.A.: Pong, Tak Ming, Tao Woon, Kin, Ho Pak Ping, Ko Yau Cheung, Wong Tung Hoi, Cheung Shiu Kee, Pang In Kan and Sui Tin Lim.

## ELECTRICIANS CONTESTS.

In the three contests which have so far been fought out between the China Light and Power Company and the Hongkong Electric Company, the former lead with four points to two.  
The fourth meeting—a tennis match—between them was to have taken place yesterday afternoon on the Kowloon Cricket Club's courts.

## CRAIGENGOWER BOWLING.

The Bowling Green of the Craignower Cricket Club is to be opened on April 11th.  
If possible two teams will take part in the League this season.  
A representative Club team meet the "Reds" on the cricket closing day, April 10th, which will be followed by a dinner.

## THE LEAGUE.

There were two matches in the Hongkong Cricket League on Saturday—one in the First Division and one in the Second Division. There now remains only one fixture in the top half of the League, namely the match between the East Surreys, who won on Saturday, and the R.A. The Second Division programme has been completed with the match between the R.E.s and the C.S.C.C. "A."

In the First Division, Craignower only just lost to the soldiers, who, by reason of their win, move above the Chinese B.C. The latter remain at the bottom of the Table.

The First Division match provided a very exciting finish, the home team losing by only two runs. The soldiers required five runs to win in the last over, and with the first ball knocked up four of them.

The Craignower Club have finished up their programme with nine matches played, three won, one drawn and five lost, securing ten points. Their position in the League will be unaffected whatever is the result of the R.A. match with the Surreys, but the last mentioned team have a chance of equalling the Indian R.C. by winning against the R.A., but will also remain the same position as they are now.

In the Second Division, the "Sappers" secured the Championship by a comfortable win over the C.S.C.C. "A," and have finished their League programme with seven matches played, five won, one drawn and one lost, securing fifteen points, thus leaving the H.K.C.C. 2nd XI, one point behind, the runners-up. The H.K.C.C. are also runners-up in the First Division, four points behind the Champions, the Navy.

The C.S.C.C. "A" have played seven matches, have not secured a single victory, have drawn two, and lost five, only gaining two points, their record reading the same as the Varsity XI. The positions in the League Table to date are:—

## HONGKONG UNIVERSITY.

## SUCCESSFUL ATHLETIC MEETING.

## SHAHABUDIN'S FIVE RECORDS.

Ideal weather for athletics was experienced, on Saturday, on the University ground at Pokfulam Road when the eleventh annual sports meeting was held.

There was a very large gathering of visitors in addition to students and competitors in the high and long jumps, in consequence, were somewhat "crowded out" at times.

Owing to a late start and one or two vexatious delays during the afternoon, it was long past the appointed hour when Lady Clementi (who was attended by Capt. Steele, A.D.C.) distributed the prizes.

S. O. Shahabudin broke no less than five records during the afternoon and was the chief contributor towards the 48 points gained by Lugard Hall in the hostel championship.

As Victor Ludorum he gained 23 points, his nearest attendant being T. W. Cheong with 17 points.

Shahabudin's five records follow:—  
100 yards won in 10.25 seconds.  
220 yards won in 24.1-5 seconds.  
120 yards hurdles won in 17 seconds.  
Long Jump: distance, 20ft. 6in.  
High Jump: 5ft. 7 1/2 in.

In 1923 S. O. Shahabudin jumped 4ft. 4 1/2 in., creating a record. The new record of 5ft. 7 1/2 in., established on Saturday, will probably stand for many years unless Shahabudin is here next year. His present plans are to return to his home in Penang in May. Though no actual figures were available, there is reason to believe that both T. W. Cheong and H. Y. Leong equalled, if they did not, surpass the previous record of 5ft. 4 1/2 in.

## INTER-HOSTEL CHAMPIONSHIP.

The following is the result of the inter-hostel championship:—

Lugard Hall	.....	48 points.
Blot Hall	.....	28
Morrison Hall	.....	19
May Hall	.....	5
St. John's Hall	.....	0

The officials were:—

## PRESENTATION OF PRIZES.

At the conclusion of the Sports, Professor W. Faid, President of the Athletic Association, in a short speech, said that ideal weather conditions had enabled them to hold a most successful meeting and doubtless, to some extent, aided S. O. Shahabudin to shatter five previous records. It was pleasing to record that some of these previous records had been established by Shahabudin himself, who was quite entitled to shatter them if he wished to do so.

After thanking the donors of prizes, the speaker commented on the fact that the athletes of Lugard Hall had recovered the Inter-Hotel trophy, wrested from them by Morrison Hall last year.

Prof. Faid said that special thanks were due to Mr. B. H. Wong, the indefatigable honorary secretary to the Engineering Department of the University, for laying out the ground, and to the officials—all of whom had worked untiringly to make the meeting a success.

In welcoming Lady Clementi, at what he believed to be her first appearance at the University sports, Professor Faid trusted that Saturday's visit was merely the beginning of a long sequence of visits in the years to come.

After Lady Clementi had presented the prizes won on Saturday and at the last tennis tournament, she was asked to distribute the medals won by the University representatives in the recent competition at basket ball, known as the "Colony Students League."

After the prizes had been distributed, Mr. W. W. Hornell thanked the spectators for their attendance and trusted that they had enjoyed themselves.

## STUDENTS' SPORTS.

## QUEEN'S COLLEGE ANNUAL MEETING.

The annual sports of Queen's College were held on Saturday on the College ground at Causeway Bay. There was a large gathering, including many members of the Old Boys' Association.

In each of the twenty-one events, the competition was very keen, and it was demonstrated that the College has some of the finest athletes in the Colony. Mr. George O'Connor was secretary, and Mr. A. T. Hamilton was the starter.

Mr. J. F. Grose won the Old Boys' race. The senior championship cup and gold medal were won by Li Ping Tong with 13 points. The runner-up was M. Sabhan. The junior championship cup and silver medal were won by Chiu Hoong Yung, and Yeung Wai Wa was runner-up.

Mrs. George Grimble, the wife of the President of the Queen's College Old Boys' Association, distributed the prizes at the close of the events. Mr. George Grimble made a short speech, which was received with applause.

"SUNNING."  
INVESTIGATION BY NAVAL  
COURT OF INQUIRY

A Naval Court of Enquiry assembled at the British Consulate-General Shanghai on March 23rd to investigate the circumstances surrounding the stranding of the China Navigation Company's str. *Sunning* on March 14th. The *Sunning* had left Shanghai for Amoy and Hongkong on March 14th and stranded on Button Island at 7 p.m. the same day. She was refloated by 8.21 p.m. without outside assistance and returned to Shanghai under her own steam with but minor injuries to the plates and frames, which did not affect the safety of the vessel. The enquiry was called at the request of the ship's master, Capt. George D. S. Mills.

Lieut. Commander B. F. Wingfield of H.M.S. *Woodlark*, acted as President of the Court, the other members being Mr. Allan Archer, O.B.E., H.M. Shipping Vice-Consul at Shanghai; Capt. C. D. Logie, master of the str. *Larchbank*; and Capt. W. P. Baker, master of the str. *Tingsang*. Paymaster-Lieut. Best of H.M.S. *Bee* acted as Clerk of the Court. Mr. R. G. McDonald of Messrs. Teesdale, Newman and McDonald, appeared for Captain Mills; Mr. R. F. C. Master of Messrs. White-Cooper & Co. appeared for Mr. Thatcher, second officer of the *Sunning*, both counsel acting on instructions from the China Navigation Company's Guild. Mr. Lipson, Ward watched the case on behalf of the owners.

Capt. Mills, a seaman of 46 years experience, stated that on the evening of March 14th he left the bridge in charge of the second officer, Mr. Thatcher, an experienced officer, since he had been on the bridge for seven hours.

SEVERAL CAUSES FOR ACCIDENT.

In reply to questions from counsel he outlined in detail the circumstances of the stranding, as appear summarized in the finding published below. The second officer, Mr. Thatcher, then told his story of the stranding, in reply to questions from counsel, and the second engineer, Mr. Charles S. Murray, who was on duty at the time corroborated from the log the statement with regard to the stopping of the engines at 7.31 p.m.

After a recess of 10 minutes the Court announced that it would not be necessary to call the Chinese witnesses unless the counsel so desired for, Capt. Mills was recalled to the witness box and on enquiry stated that there were no instructions as to who should be on the bridge during that part of the voyage and that he had no doubt whatever as to the ability of the Second Officer.

## THE FINDING.

Counsel addressed the Court, which afterwards adjourned and later the following finding and order were read: It appears from the evidence given before the Court that the str. *Sunning* sailed from Shanghai on or about 11 a.m. on March 14th, bound for Amoy and Hongkong. At about six o'clock, the Master, Captain George Daniel Stoker Mills, left the bridge in charge of the Second Officer, Mr. Walter Albert Thatcher, giving orders that he was to be called when Button Island was sighted. At about 6.31 p.m. he was told that Button Island was sighted and he came on the bridge for about five minutes, and during these five minutes he altered the course to south 18 East and gave the Second Officer, Mr. Thatcher, orders to let him know when Button Island was three miles off and to inform him if the ship experienced any abnormal set. He also pointed out the land on the starboard bow. During the next next 40 minutes, the second officer, Mr. Thatcher's, attention was principally occupied with watching the movements and bearings of two approaching steamers. He finally fixed the ship's position at about 7 p.m. by Gutzlaff and Bonham Lights, which were almost in a straight line and very unreliable for fixing the ship's position. The land on the starboard hand had faded out of sight and could not be used as a check.

## THE GROUNDING.

By this fix, he estimated Button Island to be three miles off, and after leaving this position off on the chart, and looking at an approaching ship, he called the Master, Captain Mills. The Master arrived on the bridge almost at once, and noticing that Button Island was very close, he immediately gave the order hard-a-port, but not in time to prevent the ship from grounding, after availing about eight points. Engines were then stopped and steps taken to safeguard life. After investigation the ship was established that she could return to Shanghai in safety under her own steam. She left for Shanghai at 8.30 the next morning and arrived there at 6 p.m. March 15th, where the extent of the damage was ascertained to be several plates and frames damaged in the double bottom and No. 2 tank top set up.

The Court having regard to the circumstances above stated finds as follows:—

That the accident was due to an error in judgment of speed on the part of the Second Officer, Mr. Thatcher, inasmuch as he estimated the speed of the ship at 12 knots over the ground, whereas in fact it was nearer 14 knots.

That on losing sight of the land on the starboard hand the Second Officer, Mr. Thatcher, failed to notify the Master as he should have done.

That in view of the Second Officer, Mr. Thatcher's, short experience of these waters he should have verified his estimated speed by asking the master, Captain Mills.

That in view of the short experience of the Second Officer, Mr. Thatcher, in these waters and the difficulty of establishing the position by bearing of lights alone, it would have been wiser for

the Master, Captain Mills, to have given a definite time to be called, in addition to the distance, or to have returned to the distance, or to have returned to the bridge at such time as he would expect to be three miles from Button Island.

That the Master, Capt. Mills, on arrival on the bridge took all possible steps to avert an accident, and that subsequent to the stranding of the ship, adequate and seamanlike steps and precautions were taken by the Master, Capt. Mills, to ensure the safety of life and property.

## SINGAPORE DOCK.

PROBLEM DISCUSSED IN SHIPPING  
PAPER.

The question of whether the floating dock, which is to be constructed for the Singapore naval base should be assembled at Singapore, or whether the present Admiralty policy should be changed and the dock towed out complete from Home, is discussed in an authoritative article in the *Shipbuilding and Shipbuilders' Gazette*, a leading shipping paper, as follows:—

Considerable interest attaches to the recent announcement that the Admiralty are calling for tenders for a floating dock to be placed at Singapore. This will be welcome news, not only to the unemployed labour in the shipbuilding trade, but to those who have the ultimate welfare of the country at heart. There is no difference of opinion among those who have really studied the subject that it would be quite impossible for this country to carry on a successful naval war in the Far East with fleets based upon arsenals in Great Britain, and we well know the addition to our naval resources in Eastern waters. That a naval base must be as close as possible to the seat of naval operations was well understood and acted upon in the early days of the Great War. As far as possible, a Portsmouth was created in the north of Scotland. Floating workshops, floating docks, store-ships, all the necessities for the well-being of a fleet, were assembled as close as possible to the anticipated scene of naval activities. The German Admiralty adopted exactly the same course of action on their side of the North Sea.

The installation of this dock at Singapore is undoubtedly a step in the right direction, but we are much surprised to learn that this dock as designed 'cannot be towed to its destination, but is to be shipped out in pieces and riveted together in Singapore. It is true that it is to be situated some 7,000 miles nearer the scene of a suppositious scene of action, in a possible future war, but even so, it may be found to be a very considerable distance from its most useful location, to which as now arranged it could not be towed. There is no difficulty in constructing a floating dock that it can be towed anywhere. It may be within the recollection of our readers that a floating dock for the use of the American Navy was towed from the United States to the Philippines, and many other docks have been safely towed across the ocean. Why then, should we not be able to do the same as other nations do? The fundamental conditions of strategy are the same the world over, and we may quite safely state that there is no naval officer who would not welcome a dock as close as possible to the scene of operations. Presumably Australia is one of our possessions to be protected by the fleet based on Singapore. In Australia there is no dock capable of taking a damaged capital ship. This would mean, with this floating dock immovably moored at Singapore, that such a ship would have to make a voyage of something like 3,000 miles before it could its damaged parts attended to. It would certainly have to put into some port to take in the requisite fuel for such a voyage, and at that port should be found the floating dock, which had been towed there at the outbreak of hostilities.

## DOCK MUST BE MOBILE.

There appears to be every reason for making the dock mobile, and no reason is apparent to us for adopting the contrary course. The extra cost of making the dock seaworthy would be more than offset by the lower price at which it could be completed in this country, so that the nation would be reaping the benefit of its alteration from a fixed to a much more mobile dock at no cost at all to the taxpayer. There is another aspect of the situation which at the present time would appear to be of considerable importance. The erection, riveting, and completion of the dock in this country would give employment to hundreds of men, whereas in Singapore such labour does not exist in the requisite quantity. Surely the need of our own workmen, who are sadly in want of employment, should be taken into consideration by a great Government department, the primary object of whose existence is the defence of Great Britain, but which nevertheless should be watchful of the wellbeing of the inhabitants of this country as far as lies within its powers.

## SHIPPING NOTES.

At the Marine Court on Saturday, before Lieut. Commander G. F. Holt, R.N., the mistress of a cargo boat pleaded not guilty to a charge of anchoring her boat in the Southern Fairway in such a manner as to cause an obstruction. Police evidence showed that the boat was anchored in the Southern Fairway and was causing an obstruction no launches being able to get alongside the Cheung Chau Wharf.  
 Defendant said that after working cargo she moved her junk away from the Praya Wall to a place at the end of the Cheung Chau Wharf to wait for a steam launch to tow her away. She had just got there when the police arrived.  
 His Worship fined defendant \$5, or five days' hard labour in default.

At the same Court, the *John* of a cargo boat was fined \$15, with the alternative of two weeks' hard labour, for failing to exhibit regulation light; while the master and mistress of fishing boats were fined \$7 each, or seven days' hard labour in default, for similar offences.

The s.s. *Hunan*, which with the s.s. *Kwaiyang* (both China Navigation Co.) recently grounded in the Hainan Straits, is to be broken up, following examination of her damage in dock. The *Hunan* left Hongkong in tow for Shanghai for this purpose on Friday.

The s.s. *Altai Maru*, the Japanese steamer which was recently salvaged after going aground in the Fau Tau Mun Pass, has now left Hongkong in company with the sailing tug, *Atsumi Maru*, for Japan, after undergoing temporary repairs at Kowloon Dock.

The master of the s.s. *Shidzuko Maru* (Japanese) from Seattle and Manila, reported to the Harbour Office on Saturday that a casualty occurred during the voyage, between Victoria and Yokohama, but the nature of it is not stated in his report.

The total number of deck passengers entered for the twenty-four hours ended at 9 a.m. on Saturday was 1,272, of which the largest entry was 684.

## VESSELS EXPECTED.

*Empress of Australia* (C.P.R.), due April 10th.
